Child Safety Tips

500,000 children a year are reported missing in the United States and Canada, these statistics are horrifying, but an identification booklet will provide you a peace of mind and measure of extra security where every second counts.

Let's keep our children safe and talk about the safety tips below with them.

1. Do not walk away with anyone other than a parent or arranged family member.
2. Avoid getting into cars with strangers at all costs.
3. Remember, an adult will not need help from a child, do not listen to "I need help finding my kitten."
4. Know your name, phone number, and address.
5. If your child wanders off at the store, instruct them to go to the counter and announce they cannot find you. They should remain there until you locate them. Do not wander off.
6. Explain to them that no one is allowed to touch their body except for mommy and daddy if needed.
7. Always try to walk to and from school in groups.
8. Never post any of your personal contact information on social media networking sites.
9. Check with your parents before posting any pictures online.
10. Take interest in the internet sites your child visits and monitor their computer usage.

IF YOUR CHILD IS MISSING:

Contact police immediately, share a description of what they were wearing the day they went missing and provide the Child Identification Booklet. Request that your child's name be entered into the National Crime Information Center Missing Person File (NCIC), which allows any law enforcement agency in the U.S. to identify them.

The photo in this booklet should be updated every 6 months to a year. We hope that there is never a need to use this booklet with law enforcement, but in the sad event you may, every second counts and all the information contained in this booklet will increase your chances of recovering your child.
